Dear Rachael Mendelsohn,

I am writing to commend you for your community service to help the homeless children in Pasco County. It is always heartening to learn of a person whose compassion and concern for others motivate themselves to do something so wonderful. The children who benefit from your work will be forever grateful, and I share their gratitude.

You are an excellent role model, the kind of person whom everyone can point with respect and admiration. Thank you for all you are doing to make our world a better place. Keep up the good work, Rachael, I am very proud of you!

With warmest regards,
